

# **INTERNATIONAL WORKERS' MEMORIAL DAY**

## **BIRMINGHAM 2026**

*Remember the dead and fight for the living*

### **TUESDAY 28TH APRIL 12:30PM**

**St Philips Cathedral grounds,  
Colmore Row, Birmingham, B3 2QB**

Join us, at the plinth erected to 2 workers killed building Birmingham Town Hall, to hear speakers on the horrific toll of work-related deaths, injuries and ill-health, and what can be done to make workplaces safer. Now, round the world, work is even more dangerous as many workers also face extra threats from war and climate change.

Safe work should be a right for all. As well as all the horrendous workplace hazards, from asbestos to crumbling buildings.
